Correct a procedural or clerical error - IR 345 C

With the exception of Incomplete (I) and No Record (NR) grades, grade changes may be submitted by faculty at any time on the basis of clerical or procedural error in the assignment of the original grade per the following Academic Senate policies:

Regulation A345 (C)

All grades except Incomplete are final when filed by an instructor in end-of-quarter course reports. However, the correction of a clerical or procedural error may be authorized as the Division directs. (See IR A365.) No change of grade may be made on the basis of reassessment of the quality of a student's work. No term grade except Incomplete may be revised by reexamination except as provided in IR A365.

A365 (A.1)

(1) Clerical or Procedural Error - the Registrar is authorized to change a final grade upon written request of an instructor provided a clerical or procedural error is the reason for the change. Please provide a brief but concise description of errors when submitting requests.

Change requests resulting from coursework submitted after the Senate-approved deadlines to replace Incomplete and No Record grades will not be accepted. Please refer to regulation A345 for complete information on these grade types.

Required Explanation for Clerical Error:
