Jun 1 - Aug 2, 2019

Law Students

Fall Semester 2018
Apr 13 - Jun 15, 2018

Spring Semester 2019
Oct 12 - Nov 16, 2018

Fall Semester 2019
Apr 12 - Jun 14, 2019

Procedures

Who should file this Petition?

If you are a nonresident student for tuition purposes, and you wish to be classified as a California resident, you must file a Petition for Resident Classification by the deadline date for the applicable quarter. You should consult the Residence Officer for information regarding your residence status at the University Registrar, 215 Aldrich Hall, Irvine, CA 92697-4975, (949) 824-6124, or E-mail: regres@uci.edu.

How do I file a Petition?

1. Download or open a Petition for Resident Classification from the University Registrar web site.
2. Complete the petition on line, print, sign and date. **Respond to ALL questions.**
3. Drop off your completed petition, or mail it to the University Registrar. Normal hours are 8am to 5pm Monday through Friday. No appointment is required.

Documentation IS REQUIRED

You must provide photocopies of all documentation relevant to your demonstration of intent as indicated on your Petition for Resident Classification. All documentation should identify you by name and be dated (*see reverse side*).

IMPORTANT: Documentation will not be accepted after the last day of the term for which you are petitioning for classification as a resident. If you fail to provide photocopies of any or all of the required documentation by the end of the applicable term, your petition will be denied and you will remain classified as a nonresident for that term. If you are unable to provide the required documentation by the end of the term for which you are petitioning, and you wish to file a petition for any future quarter, you must file a new Petition for Resident Classification by the applicable deadline.

Requirements

1. **Physical Presence:** Documentation that you have been physically present in California for more than 12 months (366 days) immediately prior to the residence determination date of the quarter you wish to be classified as a resident.
2. **Intent:** Documentation that you established residential ties to the state of California and relinquished all out-of-state ties shortly after your arrival in California (*see other side*).
3. **Financial Independence (for students under 24 years of age who are not dependent on a California resident parent):** Documentation which demonstrates that you have been self-supporting and not claimed as a dependent for income tax purposes for the two preceding calendar years (*contact the Residence Officer for more information*).

Required Documentation

IMPORTANT INFORMATION:

It is the responsibility of the student to provide photocopies of all documentation relevant to his/her demonstration of intent. The intent to reside permanently in California must be demonstrated for the required period of physical presence (366 days) in California. Residence classification is determined on the basis of the concurrence of physical presence and the intent to reside permanently in California. Documentation of intent is always required of the student and is required of the California resident parent(s) upon whom the student is financially dependent. **Your petition cannot be accepted without photocopies of documentation (see list of required documentation below). All the listed documents below are required.** **

Failure to establish legal ties with the state of California shortly after your arrival in California or the maintenance of legal ties with your previous state of residence will be viewed as inconsistent with the intent to reside permanently and could jeopardize the success of your petition to reclassify as resident of the state of California.

Provide a photocopy of the following documents (All the listed documents below are required **):

**** If you are unable to provide a photocopy of a document listed below, you must submit a written statement explaining the lack of the required document(s).**

1. California driver's license or California ID card (<http://www.dmv.ca.gov/>)
2. California vehicle registration (<http://www.dmv.ca.gov/>)
3. California voter registration (Contact your county's Registrar of Voters for verification. For Orange County: (714) 567-7600.)
4. Your most recent California State Income Tax Return and Federal Income Tax Return.
5. Your current and previous lease or rental agreement (pages showing duration of lease and signature only).
6. A copy of pay receipts and/or W-2 forms documenting employment held within the preceding 12 months.
7. Graduate students, under the age of 24 by December 31 of the calendar year of the term for which the petition is submitted, must submit copies of their parent's income tax returns for the previous calendar year or a letter from their department verifying employment at UC 49% or more time.
8. If you are not a U.S. citizen, you must provide documentation from the Immigration and Naturalization Service which demonstrates your legal status for a minimum of 366 days prior to the residence determination date of the term for which you are seeking classification as a resident. If you are under 19 years of age, you must also provide documentation of your parents' status (contact the Residence Officer if you have any questions about your legal status).
9. Proof of your physical presence during the 12 months preceding the quarter you wish to be reclassified, including the months of June, July, August, and September, such as employment verification, summer school enrollment, and bank statements.
10. Undergraduate student under the age of 24: Provide the above items for your parents as well if they claim to be CA residents.

Relevant documentation is not limited to the above items. The more indicia obtained, the stronger one's demonstration of intent. Additional documentation may be required on or after the time you file your Petition for Resident Classification. Evidence must consistently show that your primary residence has been established in California and relinquished outside of California. All information supporting a claim of California residence will be considered in the reclassification determination. Students deemed to be in the state solely for educational purposes are not eligible for resident status, regardless of their length of stay in California.

IMPORTANT NOTICE

The student is cautioned that this summation is not a complete explanation of the laws regarding residence. Applicable sections of the Education Code and the regulations adopted by The Regents of the University of California are available for inspection at the University Registrar. Please note that changes may be made in the residence requirements between the publication date of this statement and the relevant determination date. Non-citizen students must consult the Residence Officer for information regarding specific criteria for determining residence eligibility for alien students.
