

VERIFICATION OF ENROLLMENT FOR STUDENT LOANS

(LOAN DEFERMENT INFORMATION)

The University Registrar at the University of California, Irvine has contracted with the National Student Clearinghouse to provide students an efficient verification service for their student loan deferments. The National Student Clearinghouse is a nonprofit corporation whose operating costs are underwritten by participating member guarantors, lenders and services. Under contract agreement with the Clearinghouse, the Registrar's Office electronically reports the status of its students by the first day of instruction. The Registrar's Office automatically submits the status of all currently registered students to the Clearinghouse. Electronic reporting continues throughout the quarter (end of 1st, 3rd, 6th, and 10th weeks). For more information visit the *services>verification>loan deferment verifications* section of the Registrar's Office website: www.reg.uci.edu.

If you are eligible for deferment, but received a letter requesting loan repayment, follow the steps outlined below.

1. First, contact your lender or loan servicer to verify your deferment status. Frequently, the lender has processed the deferment form between the time the letter was generated and the time you receive the letter through the mail. Contact information for some of the participating lenders and loan servicers is listed below.

2. If your lender or loan servicer is unable to verify your deferment, contact a student service representative at the National Student Clearinghouse. The representative can verify: the date the deferment form was received, the date the deferment was certified and mailed, the enrollment status that was certified, and where the forms were sent by the Clearinghouse. Contact information for the National Student Clearinghouse is listed below.
